#### **SURVEY INSTRUCTIONS AND DEFINITIONS**

## **About the Survey:**

The 2010 CGS International Graduate Admissions Survey, Phase III: Final Offers of Admission and Enrollment is being sent to all U.S. colleges and universities that are members of the Council of Graduate Schools (CGS) as of August 2010. The survey asks institutions to report the final numbers of offers of admission to prospective international graduate students, as well as first-time and total graduate enrollment figures for international students. The three-part CGS International Graduate Admissions Survey has been conducted annually since 2004. Previous survey reports are available online at <a href="https://www.cgsnet.org">www.cgsnet.org</a>.

## Confidentiality:

All data and information submitted for the *CGS International Graduate Admissions Survey* will be treated as confidential and will only be used for research or statistical purposes by CGS. Any information released publicly will be in a format that does not allow the identification of institutions or the personal identification of students. All survey data are stored on a secure, password-protected server, and access to the raw survey data is restricted to those individuals directly involved in the data collection and analysis. Participation in the *CGS International Graduate Admissions Survey* is voluntary.

## **Survey Instructions and Definitions (for Question 4):**

- Please provide final figures when available. If final figures are not available for both 2009 and 2010, please provide data as of October 1<sup>st</sup> or the same date each year. (For example, if you provide data for fall 2009 first-time enrollment as of 10/01/09, provide fall 2010 first-time enrollment data as of 10/01/10.) Since we are measuring changes in admissions and enrollment from year-to-year, it is important that we compare data from the same point in time each year.
- Only report data for non-U.S. citizens on temporary visas. Non-U.S. citizens are students or prospective students who are not citizens, nationals, or permanent residents of the United States. These individuals will be expected to be in the United States on a student visa, or on a temporary basis, and do not have the legal right to remain indefinitely. Students or prospective students born in Puerto Rico, Guam, the U.S. Virgin Islands, or other U.S. territories are considered citizens of the United States and thus should not be included in the survey data. Undocumented students (i.e. illegal aliens) should not be included in the survey data.
- Please provide data for all international students admitted to or enrolled in graduate certificate, master's
  degree, education specialist, and doctoral degree programs offered by ALL divisions, schools, colleges, or
  departments of your institution. Each institution should submit one survey combining the data from all
  divisions, schools, colleges, and/or departments.
- Data to include: Include data for all international students admitted to or enrolled in graduate certificate and graduate degree programs. At the master's level, include data for all students admitted to or enrolled in all master of science (M.S.) and master of arts (M.A.) programs, as well as data for students admitted to or enrolled in other master's programs in such areas as business (e.g., M.B.A.), fine arts (e.g., M.F.A.), health sciences (e.g., M.P.H.), public administration (e.g., M.P.A.), public policy (e.g., M.P.P.), social work (e.g., M.S.W.), and other master's programs. At the doctoral level, include data for students admitted to or enrolled in all doctoral programs such as Ph.D., Ed.D., D.B.A., D.F.A., and Psy.D, among others. Include data for students admitted to or enrolled in graduate certificate programs (including post-baccalaureate and post-master's certificate programs) or other graduate programs (e.g., Ed.S.).
- Data to exclude: Do not include data for non-degree students or for visiting or exchange scholars. Do not include data for students admitted to or enrolled in undergraduate-level or first-professional degree programs. First-professional degree programs include Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and

Veterinary Medicine (D.V.M.). Please note that this list of the 10 first-professional degree programs is comprehensive.

- Total international enrollment includes first-time international enrollment PLUS continuing international students. NOTE: The figure you report for total enrollment should be greater than the figure you report for first-time enrollment.
- When providing data for the "Select Countries/Regions of Origin" fields, only include graduate-level data for non-U.S. citizens on temporary visas. NOTE: The total of the numbers provided for the four countries/regions of origin will likely NOT equal the total provided in the "Non-U.S. Citizens" field, since the "Non-U.S. Citizens" field includes data for students from ALL non-U.S. countries, not just the four listed under "Select Countries/Regions of Origin."
- Middle East and Turkey includes: Bahrain, Cyprus, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman,
   Palestinian Authority, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, and Yemen.
- China refers to the People's Republic of China (i.e. mainland China) and excludes Hong Kong, Macau, Taiwan, etc.
- When providing data for the "Field of Study" section, only include graduate-level data for non-U.S. citizens
  on temporary visas. NOTE: The total of the numbers provided for the eight fields of study SHOULD equal
  the total provided in the "Non-U.S. Citizens" field.
- The survey taxonomy and two CIP crosswalks are included on pages 6-9. Please note that the taxonomy is based on the taxonomy used for the annual CGS/GRE Survey of Graduate Enrollment and Degrees.
- When completing the survey, please enter a "0" (zero) in fields when appropriate, e.g., when no international students have been offered admission or are enrolled in that field of study or are from that country/region, or if your institution does not offer programs in a certain field of study. Fields should be left blank only when data are not available.
- As a courtesy, we have provided data for 2009 to institutions that responded to the *Phase III* survey last year. This information is intended to reduce your response burden and to serve as a guide for completing the survey. Please do not key your 2010 data into the table included in the e-mail. Rather, key your 2009 data into the electronic form for 2010, updating any numbers revised since submission last year, and adding your new data for 2010.
- Submission instructions: After filling in all fields, please click the "Submit by E-mail" button on page two. A new window will appear in your e-mail application (e.g., Outlook) addressed to CGS staff member Josh Mahler, with the completed survey form attached as an .xml document. Hit the "send" button in your e-mail application to submit your survey. We prefer to receive the survey data electronically, but if you are unable to submit by e-mail, please print the completed form and fax it to 202-331-7157.
- Confirmation of receipt: Within two business days of electronic submission you will receive e-mail verification from CGS that your survey was successfully submitted. If you do not receive this e-mail confirmation, please contact Josh Mahler at <a href="mailto:jmahler@cgs.nche.edu">jmahler@cgs.nche.edu</a> or (202) 461-3862.
- The survey response deadline is Tuesday, October 12, 2010.
- Contact information: If you have problems submitting your survey electronically, please contact Josh Mahler at <a href="mahler@cgs.nche.edu">jmahler@cgs.nche.edu</a> or (202) 461-3862. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at <a href="maileo:nbell@cgs.nche.edu">nbell@cgs.nche.edu</a> or (202) 461-3886.
