^{*} See pages 5-7 for the survey taxonomy and page 8 for the CIP crosswalks.

Please submit your survey by Friday, July 15, 2011. Click the "Submit by E-mail" button below to send your survey to CGS.

Submit by Email

Questions?

If you have problems submitting your survey electronically, please contact Josh Mahler at (202) 461-3862 or imahler@cgs.nche.edu. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at (202) 461-3886 or nbell@cgs.nche.edu.

SURVEY INSTRUCTIONS AND DEFINITIONS

About the Survey:

The 2011 International Graduate Admissions Survey, Phase II: Final Applications and Initial Offers of Admission is being sent to all U.S. colleges and universities that are members of the Council of Graduate Schools (CGS) as of May 2011. The survey asks institutions to report the final numbers of completed applications for admission to graduate certificate and graduate degree programs from prospective international students and the initial offers of admission granted to prospective international students. The three-part International Graduate Admissions Survey has been conducted annually by the Council of Graduate Schools (CGS) since 2004. Survey reports are available online at www.cgsnet.org.

Confidentiality:

All data and information submitted for the *CGS International Graduate Admissions Survey* will be treated as confidential and will only be used for research or statistical purposes by CGS. Any information released publicly will be in a format that does not allow the identification of institutions or the personal identification of students. All survey data are stored on a secure, password-protected server, and access to the raw survey data is restricted to those individuals directly involved in the data collection and analysis. Participation in the *CGS International Graduate Admissions Survey* is voluntary.

Survey Instructions and Definitions (for question 4):

- Applications: The Phase II survey collects final data on completed <u>applications</u>, not applicants (i.e. counts
 of pieces of paper rather than counts of unique students). If a student applied to more than one graduate
 program, all of the individual applications should be counted and included in your survey data. Include data
 for all individuals who have fulfilled your institution's requirements to be considered for admission, including
 payment or waiving of the application fee, if any.
- Offers of admission: Please provide data on offers of admission to prospective international students for fall 2010 and fall 2011 as of the same date each year. For example, if you provide data for fall 2010 offers of admission as of 6/5/10, provide fall 2011 offers of admission data as of 6/5/11. Since we are measuring changes in offers of admission from year to year, it is important that we compare data from the same point in time each year. You may use a date other than June 5th, provided that you use the same month and day for each year.
- Only report data for non-U.S. citizens on temporary visas. Non-U.S. citizens are students or prospective students who are not citizens, nationals, or permanent residents of the United States. These individuals will be expected to be in the United States on a student visa, or on a temporary basis, and do not have the legal right to remain indefinitely. Students or prospective students born in Puerto Rico, Guam, the U.S. Virgin Islands, or other U.S. territories are considered citizens of the United States and thus should not be included in the survey data. Undocumented students (i.e. illegal aliens) should not be included in the survey data.
- Please provide data for all international students applying for admission or admitted to graduate certificate, master's degree, education specialist, and doctoral degree programs offered by ALL divisions, schools, colleges, or departments of your institution. Each institution should complete one survey questionnaire combining the data from all divisions, schools, colleges, and/or departments.
- Data to include: Include data for all international students applying for admission or admitted to graduate certificate and degree programs. At the master's level, include data for all students applying for admission to all master of science (M.S.) and master of arts (M.A.) programs, as well as data for students applying for admission to other master's programs in such areas as business (e.g., M.B.A.), fine arts (e.g., M.F.A.), health sciences (e.g., M.P.H.), public administration (e.g., M.P.A.), public policy (e.g., M.P.P.), social work (e.g., M.S.W.), and other master's programs. At the doctoral level, include data for students applying for admission to all doctoral programs such as Ph.D., Ed.D., D.B.A., D.F.A., and Psy.D, among others. Include data for students applying for admission to graduate certificate programs (including post-baccalaureate and post-master's certificate programs) or other graduate programs (e.g., Ed.S.).

- Data to exclude: Do not include data for non-degree students or for visiting or exchange scholars. Do not include data for students applying for admission to undergraduate-level or first-professional degree programs. First-professional degree programs include Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Law (L.L.B., J.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (D.P.M., D.P., or Pod.D.), Theology (M.Div., M.H.L., B.D., or Ordination), and Veterinary Medicine (D.V.M.). Please note that this list of first-professional degree programs is comprehensive.
- When providing data for the "Select Countries/Regions of Origin" fields, only include graduate-level data for non-U.S. citizens on temporary visas. NOTE: The total of the numbers provided for the four countries/regions of origin will likely NOT equal the total provided in the "Non-U.S. Citizens" field, since the "Non-U.S. Citizens" field includes applications from, and offers of admission to, students from ALL non-U.S. countries, not just the four listed under "Select Countries/Regions of Origin."
- Middle East and Turkey includes: Bahrain, Cyprus, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestinian Authority, Qatar, Saudi Arabia, Syria, Turkey, United Arab Emirates, and Yemen.
- China refers to the People's Republic of China (i.e. mainland China) and excludes Hong Kong, Macau, Taiwan, etc.
- When providing data for the "Field of Study" section, only include graduate-level data for non-U.S. citizens on temporary visas. NOTE: The total of the numbers provided for the eight fields of study SHOULD equal the total provided in the "Non-U.S. Citizens" field. As a reminder, the *Phase II* survey collects data on applications, not applicants. If a student applied to graduate programs in more than one broad field, all of the applications should be counted and included in your survey data, in both the "Field of Study" section and the total "Non-U.S. Citizens" field.
- The survey taxonomy and two CIP crosswalks are included on pages 5-8. Please note that the taxonomy is based on the taxonomy used for the annual CGS/GRE Survey of Graduate Enrollment and Degrees.
- When completing the survey, please enter a "0" (zero) in fields when appropriate, e.g., when no international students in that field of study or from that country/region have applied for admission, or if your institution does not offer programs in a certain field of study. Fields should be left blank only when data are not available.
- As a courtesy, we have provided data for 2010 to institutions that responded to the *Phase II* survey last year. This information is intended to reduce your response burden and to serve as a guide for completing the survey. Please do not key your 2011 data into the table included in the e-mail. Rather, key your 2010 data into the electronic form for 2011, updating any numbers revised since submission last year, and adding your new data for 2011.
- Submission instructions: After filling in all fields, please click the "Submit by E-mail" button at the bottom of page two. A new window will appear in your e-mail application (e.g., Outlook) addressed to CGS staff member Josh Mahler, with the completed survey form attached as an .xml document. Hit the "send" button in your e-mail application to submit your survey. We prefer to receive the survey data electronically, but if you are unable to submit by e-mail, please print the completed form and fax it to 202-331-7157.
- Confirmation of receipt: Within two business days of electronic submission you will receive e-mail verification from CGS that your survey was successfully submitted. If you do not receive this e-mail confirmation, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862.
- The survey response deadline is Friday, July 15, 2011.
- Contact information: If you have problems submitting your survey electronically, please contact Josh Mahler at jmahler@cgs.nche.edu or (202) 461-3862. For all other questions, please contact Nathan Bell, CGS Director of Research and Policy Analysis, at nbell@cgs.nche.edu or (202) 461-3886.
