Actions for The Graduate School

- The constant and universal representation of **graduate education** at Montclair State through the academic and media outlets at our disposal.
- The constant representation of Montclair State as a doctoral granting institution.
- The prioritization of interdisciplinary expansion as TGS serves as the nexus that connects scholars and learners within and across discipline boundaries.
- Program innovation stimulated through TGS that encourages and supports cross and multi-disciplinary approaches to knowledge not normally generated within the traditional academic department framework.
